We affirm that:

We are certified public accountants licensed to practice in Michigan.

We further affirm the following material, "no" responses have been disclosed in the financial statements, including the notes, or in the Management Letter (report of comments and recommendations).

YES
NO

Check each applicable box below. (See instructions for further detail.)

1. ☒ ☐ All required component units/funds/agencies of the local unit are included in the financial statements and/or disclosed in the reporting entity notes to the financial statements as necessary.
2. ☒ ☐ There are no accumulated deficits in one or more of this unit's unreserved fund balances/unrestricted net assets (P.A. 275 of 1980) or the local unit has not exceeded its budget for expenditures.
3. ☒ ☐ The local unit is in compliance with the Uniform Chart of Accounts issued by the Department of Treasury.
4. ☒ ☐ The local unit has adopted a budget for all required funds.
5. ☒ ☐ A public hearing on the budget was held in accordance with State statute.
6. ☒ ☐ The local unit has not violated the Municipal Finance Act, an order issued under the Emergency Municipal Loan Act, or other guidance as issued by the Local Audit and Finance Division.
7. ☒ ☐ The local unit has not been delinquent in distributing tax revenues that were collected for another taxing unit.
8. ☒ ☐ The local unit only holds deposits/investments that comply with statutory requirements.
9. ☒ ☐ The local unit has no illegal or unauthorized expenditures that came to our attention as defined in the *Bulletin for Audits of Local Units of Government in Michigan*, as revised (see Appendix H of Bulletin).
10. ☒ ☐ There are no indications of defalcation, fraud or embezzlement, which came to our attention during the course of our audit that have not been previously communicated to the Local Audit and Finance Division (LAFD). If there is such activity that has not been communicated, please submit a separate report under separate cover.
11. ☒ ☐ The local unit is free of repeated comments from previous years.
12. ☒ ☐ The audit opinion is UNQUALIFIED.
13. ☒ ☐ The local unit has complied with GASB 34 or GASB 34 as modified by MCGAA Statement #7 and other generally accepted accounting principles (GAAP).
14. ☒ ☐ The board or council approves all invoices prior to payment as required by charter or statute.
15. ☒ ☐ To our knowledge, bank reconciliations that were reviewed were performed timely.

If a local unit of government (authorities and commissions included) is operating within the boundaries of the audited entity and is not included in this or any other audit report, nor do they obtain a stand-alone audit, please enclose the name(s), address(es), and a description(s) of the authority and/or commission.

I, the undersigned, certify that this statement is complete and accurate in all respects.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Audit Committee
City of Ann Arbor Retiree Health Care Benefits Plan and Trust
Ann Arbor, Michigan

We have audited the accompanying statement of plan net assets of the City of Ann Arbor Retiree Health Care Benefits Plan and Trust as of June 30, 2007 and 2006, and the related statement of changes in plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note A, the financial statements present only the City of Ann Arbor Retiree Health Care Benefits Plan and Trust and do not purport to, and do not present fairly the financial position of the City of Ann Arbor, Michigan, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net assets of the City of Ann Arbor Retiree Health Care Benefits Plan and Trust as of June 30, 2007 and 2006, and the changes in its plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and historical benefit information, as identified in the Table of Contents, is not a required part of the financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and do not express an opinion on it.

City of Ann Arbor
Retiree Health Care Benefits Plan and Trust

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007 and 2006

The following is a discussion and analysis of the City of Ann Arbor Retiree Health Care Benefits Plan and Trust's financial performance and position, providing an overview of the activities for the year ended June 30, 2007. This analysis should be read in conjunction with the *Independent Auditors Report* and with the accompanying financial statements.

The City of Ann Arbor Voluntary Employees Beneficiary Association (VEBA; the "Plan") is a single-employer defined benefit post employment healthcare plan established and administered by the City of Ann Arbor through the Board of Trustees of the Retiree Health Care Benefits Plan and Trust to provide health and life benefits for retirees and their beneficiaries.

Using this Annual Report

This annual report consists of two parts: (1) management's discussion and analysis (this section) and (2) the financial statements. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Condensed Financial Information

The table below compares key financial information in a condensed format between the current year and the prior year:

| | Fiscal Year Ended June 30, | |
|---|-------------------------------|----------------------|
| | <u>2007</u> | <u>2006</u> |
| Total assets | \$ 64,057,714 | \$ 55,698,733 |
| Total liabilities | <u>35,878</u> | <u>37,779</u> |
| Net assets held in trust for healthcare benefits | 64,021,836 | 55,660,954 |
| Net investment gain | 8,380,872 | 3,650,285 |
| Contributions - employer | - | 7,065,913 |
| Retiree health benefits paid | <u>-</u> | <u>-</u> |
| Contributions in excess of benefits paid | -0- | 7,065,913 |
| General and administrative expenses | <u>19,990</u> | <u>18,584</u> |
| Net change in plan net assets | <u>\$ 8,360,882</u> | <u>\$ 10,697,614</u> |

Overall Fund Structure and Objectives

The City of Ann Arbor VEBA Trust exists to pay health care benefits to retired members. The Plan is currently accumulating assets to generate investment earnings and there are no benefits currently being paid. The excess of contributions over benefits paid will allow for additional funding to increase investment income to a level where the Plan will generate adequate earnings to pay future benefits. The public capital markets represent the primary source of investments.

City of Ann Arbor
Retiree Health Care Benefits Plan and Trust

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2007 and 2006

Asset Allocation

It is the responsibility of the VEBA Board to determine the allocation of assets among distinct capital markets in accordance with allowable legal limits. Based on an asset allocation review conducted in 2006, which analyzed the expected returns of various asset classes, the Plan's actuarial assumption rate, and the risks associated with alternative asset mix strategies, the Board has established the following asset allocation:

| <u>Asset Class</u> | <u>Target</u> | <u>Range</u> |
|---------------------------|----------------------|---------------------|
| Domestic Equity | 65% | 55-65 |
| Fixed Income | 30% | 30-40 |
| Real Estate | 5% | 0-10 |

The study has shown that this asset mix offers the optimal mix for meeting longer term goals. The asset classes stated above shall be further diversified (where possible) as to style and manager type to reduce risk further, while providing the opportunity for enhanced return.

Economic Factors, Investment Returns, and Other Important Matters

In 2006/07 the collapse of the housing market weighed on the economy and the possibility of a recession in the future has increased. The deterioration of the sub-prime market manifested in the collapse of high profile hedge funds and structured investment vehicles. The magnitude of the credit crisis and its repercussions across the capital markets is still unknown. The weaker dollar has caused oil prices in the U.S. to rise faster than in countries with appreciating currencies. The U.S. faces inflationary pressure due to higher energy costs, a possible weakening economy associated with the falling housing market, additional depreciation of the dollar, and further sub-prime market fall out.

The Plan's investment return must always be considered in a longer-term context. The asset allocation is built upon the foundation that the obligations of the Plan to pay the benefits promised to members and retirees are very long-term obligations. Accordingly, the Board of Trustees must make investment decisions that it believes will be the most beneficial to the Plan over many years, not just one or two years.

The Plan is normally funded by contributions from the City of Ann Arbor. VEBA members are not required to contribute to the Plan. Current retiree medical and life benefits are budgeted and paid for out of various City of Ann Arbor departments.

Contacting the Plan Management

This financial report is intended to provide our citizens, taxpayers, and investors with a general overview of the Plan's finances and to show accountability for the money received. If you have questions about this report or need additional information, we welcome you to contact the City of Ann Arbor Retiree Health Care Benefits Plan and Trust Office at 301 East Liberty Street, Suite 680, Ann Arbor, Michigan 48104, or (734) 994-4590.

City of Ann Arbor
Retiree Health Care Benefits Plan and Trust

NOTES TO FINANCIAL STATEMENTS

June 30, 2007 and 2006

NOTE A: PLAN DESCRIPTION AND CONTRIBUTION INFORMATION

The City of Ann Arbor Voluntary Employees Beneficiary Association (VEBA; the "Plan") is a single-employer defined benefit post employment healthcare plan established and administered by City of Ann Arbor through the Board of Trustees of the Retiree Health Care Benefit Plan & Trust to provide health and life benefits to eligible retirees and their beneficiaries. Chapter 21 1:707 assigns the authority to amend the benefit provisions of the Plan to the City of Ann Arbor.

The Plan is normally funded by actuarially determined contributions from the City of Ann Arbor, under a trust agreement established pursuant to Section 501(c)(9) of the Internal Revenue Code, which allows for the formation of a VEBA. This fund is included as a pension trust fund in the City's general purpose financial statements.

VEBA members are not required to contribute to the Plan. Employer contributions for the year ended June 30, 2007 were \$0. Current retiree medical and life benefits are budgeted and paid for out of the various City of Ann Arbor departments.

Membership of the plan consisted of the following at June 30, 2007, the date of the latest actuarial valuation:

| | |
|--|-------------|
| General | 561 |
| Police | 151 |
| Fire | <u>89</u> |
| Total Active Members | 801 |
| Retirees and Beneficiaries receiving benefits not currently funded by the plan | 820 |
| Terminated plan members not entitled to benefits | <u>117</u> |
| | <u>1738</u> |
| Number of participating employers | 1 |

NOTE B: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The VEBA statements are prepared using the accrual basis of accounting.

Method Used to Value Investments: Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair values.

Administration: Administrative costs are financed through the Plan's investment earnings.

City of Ann Arbor
Retiree Health Care Benefits Plan and Trust

NOTES TO FINANCIAL STATEMENTS

June 30, 2007 and 2006

NOTE C: DEPOSITS AND INVESTMENTS

The Michigan Public Employees Retirement Systems' Investment Act, Public Act 314 of 1965, as amended, authorizes the Plan to invest in stocks, government and corporate securities, mortgages, real estate, and various other investment instruments, subject to certain limitations. The Plan's Board has the responsibility and authority to oversee the investment portfolio. Various professional investment managers are contracted to assist in managing the Plan's assets. All investment decisions are subject to Michigan law and the investment policy established by the Board.

The Plan's investments are held by independent investment management companies. Following is a summary of the Plan investments as of June 30, 2007:

| | <u>Fair Value</u> | <u>Cost</u> |
|--|----------------------|----------------------|
| Investments at fair value, as determined by quoted market prices: | | |
| Common stocks | \$ 42,751,328 | \$ 35,724,757 |
| Corporate bonds | 17,218,809 | 17,620,996 |
| Real Estate - Fund | 3,236,223 | 3,114,707 |
| Short-Term investments | <u>687,622</u> | <u>849,825</u> |
| Total investments | <u>\$ 63,893,982</u> | <u>\$ 57,310,285</u> |

Interest Rate Risk

For investments, the risk that changes in interest rates will adversely affect the fair value of the investment is known as interest rate risk. The Plan's investment policy provides for securities with terms to maturity of up to 30 years. None of the investments held by the Plan as of June 30, 2007 are subject to interest rate risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Plan's investment policy provides that corporate bonds rated lower than BBB by Standard & Poor's should be limited to 10% of the investment portfolio. The corporate bonds are in an index fund, and are not rated. The Plan has no investments that are rated as to risk category at June 30, 2007.

Custodial Credit Risk

For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Plan's investment policy requires that investment securities be held in trust by a third-party institution in the Plan's name. As such, although uninsured and unregistered, the Plan's investments are not exposed to custodial credit risk since the securities are held by the counterparty's trust department in the Plan's name. Short-term investments in money market funds are not subject to custodial credit risk.

Concentration of Credit Risk

The Plan's Board has established ranges for investment asset allocation as follows:

| <u>Asset Class</u> | <u>% Range</u> |
|--------------------|----------------|
| Equities | 55-65 |
| Fixed Income | 30-40 |
| Real Estate | 0-10 |

City of Ann Arbor
Retiree Health Care Benefits Plan and Trust

NOTES TO FINANCIAL STATEMENTS

June 30, 2007 and 2006

NOTE C: DEPOSITS AND INVESTMENTS - CONTINUED

Also, at the time of purchase, no more than 5% of the equity securities of a single issuer may be owned, and no security should be more than 5% of the total portfolio at market value.

Additionally, the State of Michigan Public Employee Retirement System Investment Act limits domestic equity participation to no more than 70% of the total fund market value and international investments to 20% of total fund market value. The investments are listed above and no individual investment exceeds these concentration parameters.

NOTE D: CONTINGENT LIABILITY

Effective October 19, 1998, the City and the VEBA Board of Trustees entered into a funding agreement for the allocation of Retirement System annual excess earnings (if any) to payment of current City retiree health benefit costs thereby allowing the City to allocate the equivalent budgetary amount to pre-fund the City's VEBA. This agreement and all transfers were executed in compliance with Michigan Public Act 28 (PA 28). It has come to the City's attention that Michigan Act 28 (PA 28) may not fully comply with Section 420 of the Internal Revenue Code with respect to the transfers to the VEBA. The City has committed to compliance with both State and Federal law (as applicable) and will address any required compliance matters through the Internal Revenue Service Voluntary Correction Program. The City expects that any compliance matters which may need to be addressed will not adversely affect the tax qualified status of the Plan.

REQUIRED SUPPLEMENTARY INFORMATION

City of Ann Arbor
Retiree Health Care Benefits Plan and Trust

NOTE TO THE SCHEDULE OF FUNDING PROGRESS
AND SCHEDULE OF EMPLOYER CONTRIBUTIONS

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarial determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedules of funding progress, presented as required supplementary information following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

The accompanying schedule of employer contributions presents trend information about the amounts contributed to the plan by the employer in comparison to the ARC, an amount that is actuarially determined in accordance with the parameters of GASB Statement 43. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost for each year and amortized any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets consistent with the long-term perspective of the calculations. Additional information as of the latest actuarial valuation follows:

Actuarial Valuation:

| | |
|-------------------------------|---------------------------------|
| Frequency | Annual |
| Latest valuation date | 6/30/07 |
| Actuarial cost method | Entry Age |
| Amortization method | Level percent of payroll - open |
| Remaining amortization period | 30 years |
| Asset valuation method | 5-year smoothed - market value |

Actuarial assumptions:

| | |
|-----------------------------|------------------------------|
| Investment rate of return * | 7.0% |
| Healthcare cost trend rate | 12% initial 3.5% ultimate |
| Projected salary increases | 3.5% |
| *Includes inflation at: | 3.5% |

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF THE FINANCIAL STATEMENTS**

To the Members of the Audit Committee
City of Ann Arbor Retiree Health Care Benefits Plan and Trust
Ann Arbor, Michigan

We have audited the financial statements of the City of Ann Arbor Retiree Health Care Benefits Plan and Trust for the year ended June 30, 2007, and have issued our report thereon dated December 20, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Ann Arbor Retiree Health Care Benefits Plan and Trust's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Ann Arbor Retiree Health Care Benefits Plan and Trust's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Ann Arbor Retiree Health Care Benefits Plan and Trust's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control over financial reporting that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that might be significant material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Ann Arbor Retiree Health Care Benefits Plan and Trust's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters.

This report is intended solely for the information and use of the Audit Committee and management of the City of Ann Arbor Retiree Health Care Benefits Plan and Trust and is not intended to be and should not be used by anyone other than these specified parties.

Abraham & Gaffney, P.C.
